

REFERRAL PROGRAM

Referring your friends to our practice is one of the highest compliments that you could pay us. Be assured that we will do our best for every friend entrusted to our care. Because your referrals mean so much to us, we have several ways that we would like to say thank you.

We often have more than one reward plan in operation to thank our patients for sending their best friends to us. Be sure to keep an eye on the newsletters and mail from us as well as our in-office notices.

Thank you, your continued confidence in our practice means so much to us!
